180 Days

Ecommerce App Bharat Intern

I am excited to share you that I had done my internship with bharat intern where I created my Portfilio website and multivender ecommerce site

Projects

61 Days

Freelancing Project => TalentPro (Apr 2024-Jun 2024) [link](#)

Worked as full stack developer, revamped the whole website (talentproweb.com), and gave it a new look and feel with fully responsive and custom-designed pages. Being a Node.js project, used Express.js to create the server and routes for pages. Generated reusable markup templates using EJS MongoDB, MongoDB Atlas and Mongoose for the database.Wrote Vanilla CSS to give the custom feel and used CSS flexbox and Media Queries to make it highly responsive. Add the functionalities using Vanilla Javascript. used Axios to send form data asynchronously. Hosted the project on AWS EC2 Instance.

60 Days

Freelancing project=>NINETRON (Jan 2024-Mar 2024) [link](#)

worked as a front-end developer. created reusable React Components from HTML Themes. Made navigation using React Router. Used Redux to manage Complex states. Worked with Figma design to create a custom site using Vanilla CSS and Javascript and also used Bootstrap Component in this project.

45 Days

Personal Portfilio [link](#)

Personal Portfolio: This personal portfolio is a sleek, fully Responsive static website hosted on Netlify. Built with HTML, CSS, and JavaScript, it features a user-friendly interface and a dynamic theme toggle, allowing visitors to seamlessly switch between dark and light modes. The responsive design, achieved through well-implemented Media queries, ensures an optimal viewing experience across all devices.

45 Days

MultiVendoer Ecommerce Website [link](#)

Developed a multivendor web application enabling multiple sellers to create accounts and manage product listings. The platform includes comprehensive e-commerce functionalities such as distinct dashboards for users, sellers, and administrators, as well as integrated payment gateways, order tracking, and refund management systems

COURSES & CERTIFICATIONS

- Bharat Intern
- Full stack UI developer with React
